

# Stylo™ applicator tubes

---

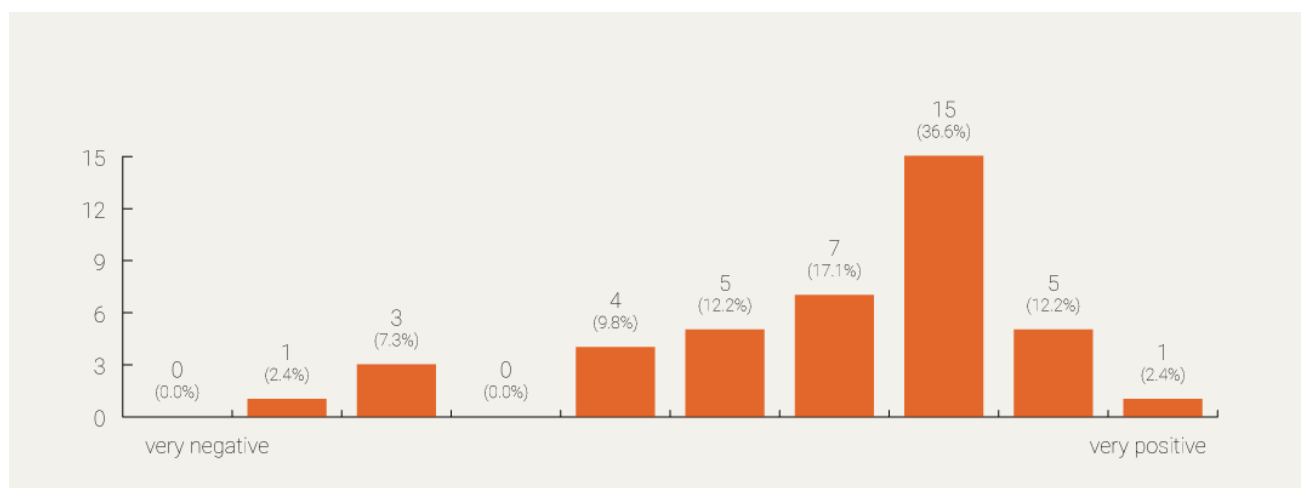

## Possible Applications

---

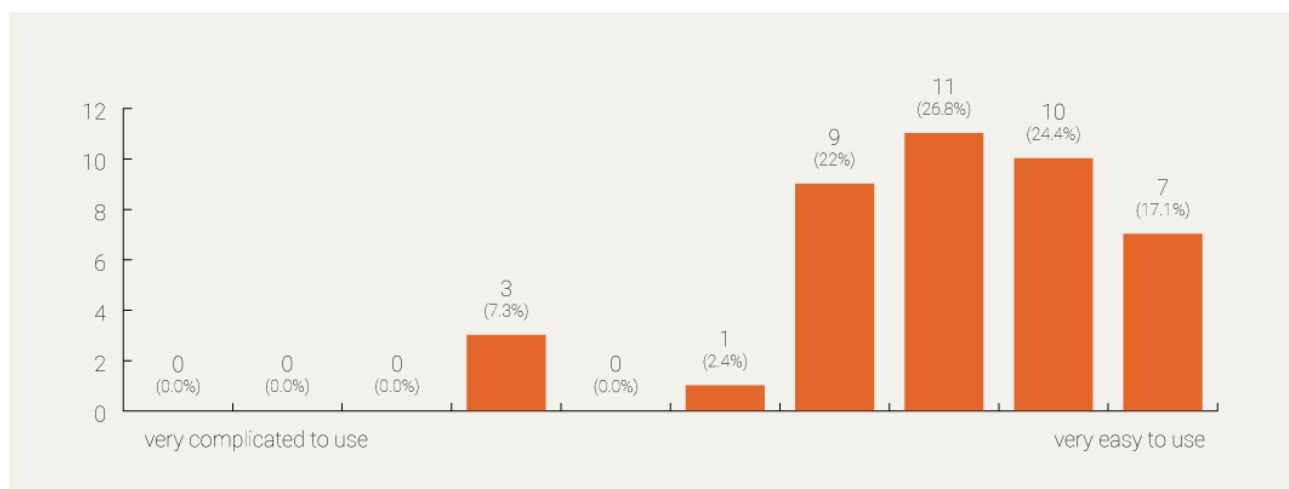

## Consumer test

As part of a user test at the Bern University of Applied Sciences, the 60 students evaluated the features and the ease of use of the Stylo™ tube. Here are the key findings from the survey.

Now, the Stylo™ is in your hands. How much do you like it from a first glance?

## How good can you dispense the product?

## How much more would you be prepared to pay for a product that would be marketed in this tube instead of a standard tube?
